# Policy Statement on Disable Friendly, Barrier free Environment

## Introduction

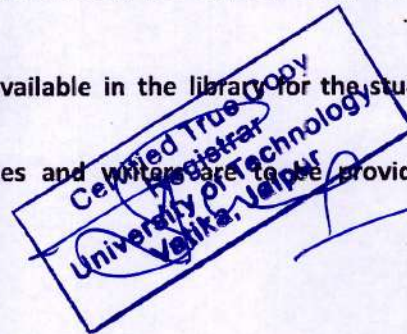

The University of Technology has implemented the policy for disabled students which provides equal opportunities and full participation in the academic environment.

## Objectives

- To enrich campus with necessary physical facilities to the disabled students.
- To provide human resources to the students with disabilities to reach the classroom and laboratories.
- To provide necessary learning resources to the visually impaired persons.
- To create a disable friendly ambience in the campus.

The focus of the policy is to ensure that:

- The design of the building such as the ramp should be according to the needs of disabled persons.
- Safe, usable and functional washroom facilities should be provided for disabled persons.
- Signage such as tactile path, lights, display boards, signposts are to be located.
- Learners with disabilities need to be adequately and appropriately supported in and out of the classroom.
- The braille books need to be made available in the library for the students with disabilities.
- Extra time as per the university rules and writers are to be provided during examination

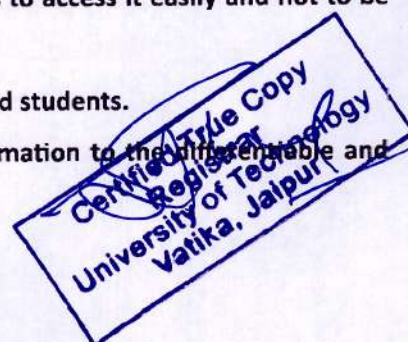

## Disabled-friendly Barrier Free Environment

Sr. No.	Facilities
1	Ramps
2	Disabled friendly washrooms
3	Signage including tactile paths
4	Rest Room
5	Assistive technology for disabled students
6	Provision for inquiry and information

The University aims to design its programs, administrations, and activities accessible to the students. The university administration and faculty members should ensure appropriate/reasonable accommodations for each person with a disability, and be willing to resolve access problems. The campus should be barrier free and accessible for differentiable conditions.

- The university provides ramp facility to disabled persons for the easy access of various places in the campus.
- The reduced inclination in the ramp makes for easier and safer movement of the wheelchair.
- The ramps are carefully designed as per the specifications to be required by the disabled persons.
- The university has a ramp facility at the library and indoor sports complex.
- The university has provision of lift for barrier free access for students, staff, visitors and differentiable people.
- A wheelchair may be operated by the user alone or with the help of assistance.
- The wheel chairs are placed near the ramps according to the need.
- Disabled friendly washrooms are also available in the university.
- It is designed as per the standard specifications to accommodate people with physical disabilities.
- The washrooms are provided with grab bars for the convenience of the disabled persons.
- The extra care is taken by the university to maintain the washrooms neat and clean.
- The sign board is provided outside of the washrooms to access it easily and not to be used by others.
- The university library provides braille books for disabled students.
- The Reception Counter provides all the needed information to the differentiable and human assistance.
